

GENERON

RECIPROCATING COMPRESSOR PACKAGES Standard & Custom Designed

GENERON offers 2hp to 10,000hp Industry proven engineered air and gas reciprocating compression packages built to any technical specification, using diesel, natural gas or electric motor drives. Our packages take air or gas from ambient or elevated suction pressures, to discharge pressures up to 10,000 psi.

At **GENERON**, our engineering, design and fabrication departments are all under one roof. This not only allows us to be extremely competitive, it allows the easy mitigation of environmental or design changes.

GENERON provides single source responsibility and efficient fabrication of your system from concept to completion. Contact our professional engineering team today at **713.937.5200** or **www.generon.com** for more information.

Oil Free

FEATURING:

- Custom Engineered Compression Solutions
- Custom Controls and automation
- Safe to Hazardous Environments
- Air or Liquid Cooling Systems
- Factory Testing and On-Site Start-Up and Training
- Onshore and Offshore Applications
- Thousands of Systems Installed and Operating Worldwide

Factory Testing and On-Site Start-Up Training

Oil Lubricated

RECIPROCATING COMPRESSOR PACKAGES

BENEFITS:

- American Made Available
- 40+ years Experience
- ISO Certified Facility
- ASME Certified Shop
- UL/CSA Certified Panel Shop
- Turn-Key Solutions
- Consultative and Design Services
- Global Product Support

AUTHORIZED PACKAGER FOR:

GE, Ariel, RIX, Gardner Denver, HyComp, HII, Haskel, Bauer, Sauer, Corken, LMF, SIAD and more.
