

RECIPROCATING COMPRESSOR PACKAGES

OIL FREE

GENERON offers 2hp to 5,000hp, (1.5kw to 3,730kw). Industry proven engineered OIL-FREE Reciprocating Compression Packages, built to any technical specification using diesel or electric motor drives. Our packages move large volumes of air or gas, from ambient or elevated suction pressures, to discharge pressures up to 10,000 psig, (690barg).

At **GENERON**, our engineering, design and fabrication departments are all under one roof. This not only allows us to be extremely competitive, it allows the easy mitigation of environmental or design changes.

GENERON provides single source responsibility and efficient fabrication of your system from concept to completion. Contact our professional team at **713.937.5200** or **www.generon.com** for more information.

FEATURING:

- Pressures up to 10,000 psig, (690 barg)
- Air or Water Cooled
- Custom Engineered Packages
- Flow Rates up to 3,000cfm, (5,100m³/hr)
- Turnkey Project Management
- Safe to Hazardous Locations
- Onshore and Offshore Installations
- Turnkey projects

TYPICAL APPLICATIONS:

- Air Separation
- Chemical Process Plants
- FPSO
- Inert Gas Compression
- Military Ground Cart
- Offshore Seismic Energy Source
- Vapor Recovery VRU
- Food Processing
- Instrument Air
- Electronics Industry
